Dedicated worker to the task at hand

Keen observation skills

Communicates well with coworkers and upper management

Recognizes the importance of attention to detail

EDUCATION

Zero to Mastery

Front-End Developer
Dec. 2022 - present

PROFILE

As a front-end engineering student, I have honed my skills in HTML, CSS, and JavaScript, creating responsive and visually appealing web interfaces. I am experienced in utilizing popular front-end frameworks such as React and Angular to build dynamic and interactive web applications. Passionate about user experience, I have a solid understanding of UI/UX principles and have collaborated on projects to optimize website performance and accessibility.

WORK EXPERIENCE

Codedex

Holiday Hackathon

Dec. 2023

- Participated in a 150+ person challenge
- Worked in a team of 3 where personal insight and knowledge was provided
